

OBSERVER *TAB*[®]

Observation System

Customized To Meet Summative Criteria & Formative Growth

HERE'S HOW IT WORKS for ADMINISTRATORS and OTHER OBSERVERS:

1. Observer's Dashboard

- Administrative access to schools, teachers, other staff
- *ObserverTab's*[®] standard observation tools as well as district, state, or school custom forms
- Observation history: teachers and other staff
- Data analysis
- In-system Communication with teachers

2. Special Features for Data-Gathering

- Inter-rater reliability
- Access to observation history at point-of-use for making year-end summative decisions
- Posting scripted evidence directly to year-end reports

3. Create, Edit, and Send Specialized Reports

- Downloadable spreadsheets set to your specifications
- Specialized custom reports to meet district or state reporting requirements

4. Aggregate Your Data into Tabular Graphics for...

- demographic insights by teacher, by department, by grade, by school.
- performance analysis by skill, by topic, by domain, by standard or indicator.
- aggregating individualized data by educator, grade, department, school or district.

5. Direct or Suggest Individualized Growth

- Data presentations to guide diagnosis and prescription for formative feedback and growth
- Reflective coaching and mentoring assistance
- Guidance for promoting formative assistance and professional consultations
